

I am disturbed to hear that the LPFM broadcast services may supplant the ability for the K-LOVE station to reach its current listening base in many local areas. As a fully listener supported Christian based station, K-LOVE provides enormous comfort and outreach to the local communities. Some key points to keep in mind include the following.

1. K-LOVE provides serves me and others in the local community by offering Christian outreach services, prayer channels and support, and most importantly, K-LOVE provides a listening alternative to all the other crap on the radio that serve local communities by eroding our societal values.
2. If K-LOVE is displaced by an LPFM broadcaster with other programming, this will have direct affect on millions of K-LOVE listeners in the quality of their life. K-LOVE listeners have grown to include K-LOVE in their daily spiritual journey's to build a closer personal relationship with Christ. Those who have not accepted Christ into their lives will not understand this, but K-LOVE offers the opportunity and channel for everyone to come to Christ. It is the most important decision everyone on this small planet must make in their lives, for their eternal life depends on it. K-LOVE offers everyone this equal opportunity for the path through Christ to salvation. K-LOVE offers those who have accepted Christ and continuous channel to keep people righteous and faithful in living their lives on a daily basis.
3. K-LOVE provides an important service to the public through its listener funded programming that is welcoming to all people, all races,all religions. The K-LOVE message is simple and mirrors exactly the message of Christ on earth. That is. LOVE! No other stations in my local area begin to come close to this and I suspect it is the same around the country.

Please consider the affect on the lives of millions of Americans that will occur if K-LOVE is pushed out by one of these new LPFM broadcasters.
